*** Classes with asterisk (*) at the start of the class name above are offered for college credit.**

Business classes may be requestable through the home hs. Students should make their request for the school where they want to take the course.

Unmet request needs may be fulfilled at Central Campus.

Intro to Engineering (IED) is the pre-rep to Principles of Engineering (POE).

^^ for both IED and POE, students are recommended to take Alg I and earn an A or B or have high math test scores; take Physics concurrently or before the course starts.

^^Pair IED S1 and then POE S2 if possible.
